What you must do really is just make sure that you choose the best one that would describe her and will show how much you really adore her.

First among the category is of course the childhood theme name, like teddy bear. Childhood inspires innocence and fun, so this is a particularly good place to start. You can find a very cute name from cartoon characters you used to watch, toys and other fun stuff from childhood. Another category is the memorable times category. Now this is easy because you will simply have to remember a particularly lovely time together and take inspiration from there. For instance, you can choose to call her bumble bee if you went to the park and she kept looking and touching the flowers. Another good source of inspiration and the most commonly used ones is food.

You can choose from fruits, like strawberry or you can choose from sweets, such as cupcake. Your girlfriend will love that you see her as sweet and cute as those sweets and fruits. But make sure not to call her anything that is connected to heavy meal, like pork chop. She will definitely not see that as cute and will probably think that you see her as fat. Cute animal is another category you can choose from, such as kitty cat. Again, make sure to be sensitive with your choice. A gerbil may be cute for you but she will probably find it offensive if you call her anything from the rat family.

When you have finally chosen the right cute name for your girlfriend, you might also want to add something like, my little or silly, before the name to make it sound more endearing. As your relationship progresses, you will realize that the cute name will always come in handy when you want to simply apologize or to make her feel more special.
